

CAM-PICO DIGITAL CABLE METER

HIGH ACCURACY MEETS LOW COST

CAM-Pico Digital Cable Meter

Product Features

- Easy button navigation
- Programmable via CD or meter
- Extremely fast and accurate with high sensitivity
- DVB-C and analogue signals
- Developed for QAM networks. Annex A & C
- QAM 16, 32 64, 128 and 256
- 8 point tilt measurements
- Trunk voltage detection
- Robust, small and compact
- High value, low cost
- Built in NiMH batteries

Product Specifications

- Full band VHF and UHF
- Replaceable F-connector
- 75 Ohm imp 30 to 100 dBuV
- Self programming/scanning
- 8 point mode
- RF level as dBm or dBuV
- MER displayed in dB
- Numerical value for BER
- Trunk voltage detection
- Spectrum mode
- Constellation diagram
- Up to 40 channel plans
- Built-in audible sounder
- Run time in excess of 2 hours
- Backlit graphic display 128x64 pixels
- Charges from standard micro USB charger
- LED to indicate no lock, signal but not sufficient, OK
- Upgrade of settings, firmware and language via USB 2.0
- Size: 150x 85x38mm, 250 gms
